# Intuit Exceeds Third-Quarter Revenue Expectations

## TurboTax Online, QuickBooks Online Report Strong Customer Growth; Company Raises Revenue Guidance

MOUNTAIN VIEW, Calif.--(BUSINESS WIRE)-- [Intuit Inc.](#) (Nasdaq:INTU) announced financial results for the third quarter of fiscal 2015 and raised full-year revenue guidance. The company's third quarter ended April 30.

"We delivered a strong quarter, exceeding our company financial revenue target amidst another strong tax season and accelerating growth in our small business online ecosystem," said Brad Smith, Intuit's president and chief executive officer. "We achieved our goals in our tax business, increasing growth in the do-it-yourself software category, acquiring and retaining more customers and expanding our market share.

"Our small business online ecosystem continues to build momentum, with QuickBooks Online subscriber growth accelerating for the eighth consecutive quarter.

"With these strong results, we've increased our revenue outlook for the full year. Our performance continues to inspire our entire organization and sets us on a path to finish the year on a very strong note," said Smith.

### Financial Highlights

Unless otherwise noted, all growth rates refer to the current period versus the comparable prior-year period, and the business metrics and associated growth rates refer to worldwide business metrics.

Intuit:

- Reported third-quarter revenue of \$2.2 billion, above the company's previously set guidance.
- Grew U.S. TurboTax Online units 13 percent in the tax season and total U.S. TurboTax units 9 percent, excluding Free File Alliance.
- Grew total QuickBooks Online subscribers by 55 percent.
- Added more than 120,000 QuickBooks Online subscribers in the third quarter, ending with 965,000 paying subscribers worldwide.
- Increased revenue guidance for fiscal 2015.

### Business Segment Results

#### Small Business

- Total Small Business segment revenue declined 5 percent for the quarter, in line with expectations and reflecting the changes in desktop offerings that resulted in ratable revenue recognition.
- QuickBooks total paying customers grew 20 percent.
- Small business online ecosystem revenue increased 20 percent, with customer acquisition continuing to drive growth.
- Total QuickBooks Online subscribers grew 55 percent, accelerating for the eighth consecutive quarter.
  - QuickBooks Online subscribers outside the U.S. increased approximately 140 percent, to just over 150,000.
  - Ended with 15,000 QuickBooks Self-Employed subscribers, up from 5,000 last quarter.
- Online Payments charge volume grew 19 percent, driven primarily by an increase in charge volume per customer.
- Online Payroll customers grew 20 percent.

### **Consumer and Professional Tax**

- Consumer Tax revenue grew 4 percent in the third quarter and 9 percent year to date.
- ProTax revenue declined 61 percent, in line with expectations. As previously disclosed, revenue will shift to fiscal 2016 due to changes in current desktop offerings that will affect the timing of revenue recognition.
- The company raised full-year guidance for Consumer Tax revenue, and now expects growth of 9 percent for the fiscal year, above the previous guidance range of 5 to 7 percent.
- Due to a bill payment strategy shift in the Consumer Ecosystem Group, the company recorded a \$263 million goodwill impairment charge. This charge impacted third-quarter GAAP operating income by \$263 million and GAAP earnings per share by \$0.93.

### **Snapshot of Third-quarter Results**

	GAAP			Non-GAAP		
	Q3 FY '15	Q3 FY '14	Change	Q3 FY '15	Q3 FY '14	Change
<b>Revenue</b>	\$2,194	\$2,388	(8%)	\$2,194	\$2,388	(8%)
<b>Operating Income</b>	\$906	\$1,494	(39%)	\$1,221	\$1,556	(22%)
<b>EPS</b>	\$1.78	\$3.39	(47%)	\$2.85	\$3.53	(19%)

Dollars are in millions, except earnings per share (EPS). See “About Non-GAAP Financial Measures” below for more information regarding financial measures not prepared in accordance with Generally Accepted Accounting Principles (GAAP). Q3 FY15 results reflect

the impact of changes to future desktop software offerings; revenue for those offerings is now recognized as services are delivered, rather than up front. Q3 FY15 GAAP results also include a \$263 million impairment charge for goodwill in the company's Consumer Ecosystem Group.

### **Capital Allocation Summary**

- Ended the third quarter with approximately \$2.1 billion in cash and investments.
- Repurchased \$568 million of shares of stock and received board approval for an additional \$2 billion in buyback authorization. The company now has \$2.6 billion remaining on its authorization and intends to be in the market each quarter.
- Received board approval for a \$0.25 dividend per share for the fiscal fourth quarter, payable on July 20. This represents a 32 percent increase versus last year and reflects the company's large and growing cash position, as well as more recurring and predictable revenue streams.

### **Forward-looking Guidance**

The company reiterated revenue guidance for the fourth quarter and raised revenue guidance for fiscal 2015.

For the **fourth quarter of fiscal 2015**, Intuit expects:

- Revenue of \$720 million to \$745 million.
- GAAP operating loss of \$120 million to \$140 million.
- Non-GAAP operating loss of \$25 million to \$45 million.
- GAAP loss per share of \$0.34 to \$0.36.
- Non-GAAP loss per share of \$0.10 to \$0.12.

For **fiscal year 2015**, Intuit expects:

- Revenue of \$4.395 billion to \$4.420 billion, versus previous guidance of \$4.275 billion to \$4.375 billion.
- GAAP operating income of \$555 million to \$575 million, versus previous guidance of \$800 million to \$830 million.
- Non-GAAP operating income of \$1.120 billion to \$1.140 billion, versus previous guidance of \$1.110 billion to \$1.140 billion.
- GAAP diluted EPS of \$0.88 to \$0.90, versus previous guidance of \$1.70 to \$1.75.
- Non-GAAP diluted EPS of \$2.50 to \$2.52, versus previous guidance of \$2.45 to \$2.50.
- QuickBooks Online subscribers of 1 million to 1.025 million, versus previous guidance of 975,000 to 1 million.

### **Conference Call and Replay Information**

Intuit executives will discuss the financial results on a conference call today at 1:30 p.m.

Pacific time. To hear the call, dial 866-348-8108 in the United States or 908-982-4619 from international locations. No reservation or access code is needed. The conference call can also be heard live at <http://investors.intuit.com/events/default.aspx>. Prepared remarks for the call will be available on Intuit's Investor Relations website after the call ends.

## **Replay Information**

A replay of the conference call will be available for one week by calling 888-266-2081, or 703-925-2533 from international locations. The access code for this call is 1656287.

The audio webcast will remain available on Intuit's website for one week after the conference call.

## **About Intuit Inc.**

[Intuit Inc.](#) creates business and financial management solutions that simplify the business of life for small businesses, consumers and accounting professionals.

Its flagship products and services include [QuickBooks®](#), [Quicken®](#) and [TurboTax®](#), which make it easier to manage small businesses and payroll processing, personal finance, and tax preparation and filing. [Mint.com](#) provides a fresh, easy and intelligent way for people to manage their money, while [Demandforce®](#) offers marketing and communication tools for small businesses. [ProSeries®](#) and [Lacerte®](#) are Intuit's leading tax preparation offerings for professional accountants.

Founded in 1983, Intuit had revenue of \$4.5 billion in its fiscal year 2014. The company has approximately 8,000 employees with major offices in the United States, Canada, the United Kingdom, India and other locations. More information can be found at [www.intuit.com](http://www.intuit.com).

Intuit and the Intuit logo, among others, are registered trademarks and/or registered service marks of Intuit Inc. in the United States and other countries.

## **About Non-GAAP Financial Measures**

This press release and the accompanying tables include non-GAAP financial measures. For a description of these non-GAAP financial measures, including the reasons management uses each measure, and reconciliations of these non-GAAP financial measures to the most directly comparable financial measures prepared in accordance with Generally Accepted Accounting Principles, please see the section of the accompanying tables titled "About Non-GAAP Financial Measures" as well as the related Table B1, Table B2, and Table E. A copy of the press release issued by Intuit today can be found on the investor relations page of Intuit's Web site.

## **Cautions About Forward-looking Statements**

This press release contains forward-looking statements, including forecasts of expected growth and future financial results of Intuit and its reporting segments; Intuit's prospects for the business in fiscal 2015 and beyond; expectations regarding Intuit's growth outside the US; expectations regarding timing and growth of revenue for each of Intuit's reporting segments and from current or future products and services; expectations regarding customer growth; expectations regarding changes to our products and their impact on Intuit's

business; expectations regarding the amount and timing of any future dividends or share repurchases; expectations regarding availability of our offerings; expectations regarding the impact of our strategic decisions on Intuit's business; and all of the statements under the heading "Forward-looking Guidance".

Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause our actual results to differ materially from the expectations expressed in the forward-looking statements. These factors include, without limitation, the following: inherent difficulty in predicting consumer behavior; difficulties in receiving, processing, or filing customer tax submissions; consumers may not respond as we expected to our advertising and promotional activities; product introductions and price competition from our competitors can have unpredictable negative effects on our revenue, profitability and market position; governmental encroachment in our tax businesses or other governmental activities or public policy affecting the preparation and filing of tax returns could negatively affect our operating results and market position; we may not be able to successfully innovate and introduce new offerings and business models to meet our growth and profitability objectives, and current and future offerings may not adequately address customer needs and may not achieve broad market acceptance, which could harm our operating results and financial condition; business interruption or failure of our information technology and communication systems may impair the availability of our products and services, which may damage our reputation and harm our future financial results; as we upgrade and consolidate our customer facing applications and supporting information technology infrastructure, any problems with these implementations could interfere with our ability to deliver our offerings; any failure to properly use and protect personal customer information and data could harm our revenue, earnings and reputation; if we are unable to develop, manage and maintain critical third party business relationships, our business may be adversely affected; increased government regulation of our businesses may harm our operating results; if we fail to process transactions effectively or fail to adequately protect against potential fraudulent activities, our revenue and earnings may be harmed; related publicity regarding such fraudulent activity could cause customers to lose confidence in using our software and adversely impact our results; any significant offering quality problems or delays in our offerings could harm our revenue, earnings and reputation; our participation in the Free File Alliance may result in lost revenue opportunities and cannibalization of our traditional paid franchise; the continuing global economic downturn may continue to impact consumer and small business spending, financial institutions and tax filings, which could negatively affect our revenue and profitability; year-over-year changes in the total number of tax filings that are submitted to government agencies due to economic conditions or otherwise may result in lost revenue opportunities; our revenue and earnings are highly seasonal and the timing of our revenue between quarters is difficult to predict, which may cause significant quarterly fluctuations in our financial results; our financial position may not make repurchasing shares advisable or we may issue additional shares in an acquisition causing our number of outstanding shares to grow; our inability to adequately protect our intellectual property rights may weaken our competitive position and reduce our revenue and earnings; our acquisition and divestiture activities may disrupt our ongoing business, may involve increased expenses and may present risks not contemplated at the time of the transactions; our use of significant amounts of debt to finance acquisitions or other activities could harm our financial condition and results of operation; and litigation involving intellectual property, antitrust, shareholder and other matters may increase our costs. More details about the risks that may impact our business are included in our Form 10-K for fiscal 2014 and in

our other SEC filings. You can locate these reports through our website at <http://investors.intuit.com>. Forward-looking statements are based on information as of May 21, 2015 and we do not undertake any duty to update any forward-looking statement or other information in these materials.

**INTUIT INC.  
NOTES TO TABLE A**

[A] The following table summarizes the total share-based compensation expense that we recorded in operating loss from continuing operations for the periods shown.

<i>(in millions)</i>	<u>Three Months Ended</u>		<u>Nine Months Ended</u>	
	<u>April 30, 2015</u>	<u>April 30, 2014</u>	<u>April 30, 2015</u>	<u>April 30, 2014</u>
Cost of revenue	\$ 2	\$ 2	\$ 6	\$ 6
Selling and marketing	19	13	55	44
Research and development	20	16	60	46
General and administrative	21	18	63	52
Total share-based compensation expense	<u>\$ 62</u>	<u>\$ 49</u>	<u>\$ 184</u>	<u>\$ 148</u>

[B] We compute our provision for or benefit from income taxes by applying the estimated annual effective tax rate to income or loss from recurring operations and adding the effects of any discrete income tax items specific to the period.

In December 2014 the Tax Increase Prevention Act of 2014 was signed into law. The Act includes a reinstatement of the federal research and experimentation credit through December 31, 2014 that was retroactive to January 1, 2014. We recorded a discrete tax benefit of approximately \$11 million for the retroactive effect during the second quarter of fiscal 2015.

Our effective tax rates for the three and nine months ended April 30, 2015 were approximately 44% and 48%. Excluding discrete tax items primarily related to the goodwill impairment charge, our effective tax rate for the three months ended April 30, 2015 was approximately 36% and did not differ significantly from the federal statutory rate of 35%. Excluding discrete tax items primarily related to the goodwill impairment charge and the reinstatement of the federal research and experimentation credit, our effective tax rate for the nine months ended April 30, 2015 was approximately 36% and did not differ significantly from the federal statutory rate of 35%.

Our effective tax rate for the three and nine months ended April 30, 2014 was approximately 34% and did not differ significantly from the federal statutory rate of 35%.

[C] On August 1, 2013 we completed the sale of our Intuit Financial Services (IFS) business for approximately \$1.025 billion in cash. We recorded a gain on the disposal of IFS of approximately \$36 million, net of income taxes, in the first quarter of fiscal 2014.

On August 19, 2013 we completed the sale of our Intuit Health business for cash consideration that was not significant and recorded a loss on disposal that was offset by a related income tax benefit of approximately \$14 million, resulting in a net gain on disposal of approximately \$10 million in the first quarter of fiscal 2014.

We have reclassified our statements of operations for all periods presented to reflect these two businesses as discontinued operations. Because the cash flows of our IFS and Intuit Health discontinued operations were not material for any period presented, we have not segregated the cash flows of those businesses from continuing operations on our statements of cash flows.

When reported on August 21, 2014, fourth quarter results included an accrual for a loss contingency that was resolved before we filed our fiscal 2014 Form 10-K. We have adjusted our fiscal fourth quarter and full-year 2014 operating income and earnings per share accordingly, resulting in a GAAP and non-GAAP operating income increase of approximately \$16 million, and a GAAP and non-GAAP earnings per share increase of approximately \$0.03.

RECONCILIATION OF FORWARD-LOOKING GUIDANCE FOR NON-GAAP FINANCIAL MEASUREMENTS  
TO PROJECTED GAAP REVENUE, OPERATING INCOME, AND EPS

(In millions, except per share amounts)

(Unaudited)

**Forward-Looking Guidance**

	GAAP			Non-GAAP	
	Range of Estimate		Adjmts	Range of Estimate	
	From	To		From	To
<b>Three Months Ending July 31, 2015</b>					
Revenue	\$ 720	\$ 745	\$ —	\$ 720	\$ —
Operating loss	\$ (140)	\$ (120)	\$ 95 [a]	\$ (45)	\$ —
Diluted loss per share	\$ (0.36)	\$ (0.34)	\$ 0.24 [b]	\$ (0.12)	\$ —
<b>Twelve Months Ending July 31, 2015</b>					
Revenue	\$ 4,395	\$ 4,420	\$ —	\$ 4,395	\$ —
Operating income	\$ 555	\$ 575	\$ 565 [c]	\$ 1,120	\$ —
Diluted earnings per share	\$ 0.88	\$ 0.90	\$ 1.62 [d]	\$ 2.50	\$ —

See “About Non-GAAP Financial Measures” immediately following this Table E for information on these measures, the items excluded from the most directly comparable GAAP measures in arriving at non-GAAP financial measures, and the reasons management uses each measure and excludes the specified amounts in arriving at each non-GAAP financial measure.

[a] Reflects estimated adjustments for share-based compensation expense of approximately \$79 million; amortization of acquired technology of approximately \$10 million; and amortization of other acquired intangible assets of approximately \$6 million.

[b] Reflects the estimated adjustments in item [a], income taxes related to these adjustments, and other income tax effects related to the use of the long-term non-GAAP tax rate.

[c] Reflects estimated adjustments for share-based compensation expense of approximately \$262 million; amortization of acquired technology of approximately \$40 million; amortization of other acquired intangible assets of approximately \$24 million; a goodwill impairment charge of approximately \$263 million; a gain on sale of long-lived assets of approximately \$30 million; and professional fees for business combinations of approximately \$6 million.

[d] Reflects the estimated adjustments in item [c], income taxes related to these adjustments, and other income tax effects related to the use of the long-term non-GAAP tax rate.

## INTUIT INC. ABOUT NON-GAAP FINANCIAL MEASURES

The accompanying press release dated May 21, 2015 contains non-GAAP financial measures. Table B1, Table B2 and Table E reconcile the non-GAAP financial measures in that press release to the most directly comparable financial measures prepared in accordance with Generally Accepted Accounting Principles (GAAP). These non-GAAP financial measures include non-GAAP operating income (loss), non-GAAP net income (loss)

and non-GAAP net income (loss) per share.

Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. These non-GAAP financial measures do not reflect a comprehensive system of accounting, differ from GAAP measures with the same names and may differ from non-GAAP financial measures with the same or similar names that are used by other companies.

We compute non-GAAP financial measures using the same consistent method from quarter to quarter and year to year. We may consider whether other significant items that arise in the future should be excluded from our non-GAAP financial measures.

We exclude the following items from all of our non-GAAP financial measures:

- Share-based compensation expense
- Amortization of acquired technology
- Amortization of other acquired intangible assets
- Goodwill impairment charges
- Professional fees for business combinations

We also exclude the following items from non-GAAP net income (loss) and diluted net income (loss) per share:

- Gains and losses on debt and equity securities and other investments
- Income tax effects and adjustments
- Discontinued operations

We believe that these non-GAAP financial measures provide meaningful supplemental information regarding Intuit's operating results primarily because they exclude amounts that we do not consider part of ongoing operating results when planning and forecasting and when assessing the performance of the organization, our individual operating segments or our senior management. Segment managers are not held accountable for share-based compensation expense, amortization, or the other excluded items and, accordingly, we exclude these amounts from our measures of segment performance. We believe that our non-GAAP financial measures also facilitate the comparison by management and investors of results for current periods and guidance for future periods with results for past periods.

The following are descriptions of the items we exclude from our non-GAAP financial measures.

*Share-based compensation expenses.* These consist of non-cash expenses for stock options, restricted stock units and our Employee Stock Purchase Plan. When considering the impact of equity awards, we place greater emphasis on overall shareholder dilution rather than the accounting charges associated with those awards.

*Amortization of acquired technology and amortization of other acquired intangible assets.* When we acquire an entity, we are required by GAAP to record the fair values of the

intangible assets of the entity and amortize them over their useful lives. Amortization of acquired technology in cost of revenue includes amortization of software and other technology assets of acquired entities. Amortization of other acquired intangible assets in operating expenses includes amortization of assets such as customer lists, covenants not to compete and trade names.

*Goodwill impairment charges.* We exclude from our non-GAAP financial measures non-cash charges to adjust the carrying value of goodwill to its estimated fair value.

*Professional fees for business combinations.* We exclude from our non-GAAP financial measures the professional fees we incur to complete business combinations. These include investment banking, legal and accounting fees.

*Gains and losses on debt and equity securities and other investments* We exclude from our non-GAAP financial measures gains and losses that we record when we sell or impair available-for-sale debt and equity securities and other investments.

*Income tax effects and adjustments.* During fiscal 2014, we excluded from our non-GAAP financial measures the income tax effects of the non-GAAP pre-tax adjustments described above, as well as income tax effects related to business combinations. In addition, the effects of one-time income tax adjustments recorded in a specific quarter for GAAP purposes were reflected on a forecasted basis in our non-GAAP financial measures. This was consistent with how we were evaluating our operating results and planning, forecasting, and evaluating future periods during that fiscal year.

During fiscal 2015, we began using a long-term non-GAAP tax rate for evaluating operating results and for planning, forecasting, and analyzing future periods. This long-term non-GAAP tax rate excludes the income tax effects of the non-GAAP pre-tax adjustments described above, assumes the federal research and experimentation credit is continuously in effect, and eliminates the effects of non-recurring and period specific items which can vary in size and frequency. Based on our current long-term projections, we are using a long-term non-GAAP tax rate of 34% which is consistent with the average of our normalized fiscal year tax rate over a four year period that includes the past three fiscal years plus the current fiscal year forecast. We will evaluate this long-term non-GAAP tax rate on an annual basis and whenever any significant events occur which may materially affect this long-term rate. This long-term non-GAAP tax rate could be subject to change for various reasons including significant changes in our geographic earnings mix or fundamental tax law changes in major jurisdictions in which we operate.

*Operating results and gains and losses on the sale of discontinued operations.* From time to time, we sell or otherwise dispose of selected operations as we adjust our portfolio of businesses to meet our strategic goals. In accordance with GAAP, we segregate the operating results of discontinued operations as well as gains and losses on the sale of these discontinued operations from continuing operations on our GAAP statements of operations but continue to include them in GAAP net income or loss and net income or loss per share. We exclude these amounts from our non-GAAP financial measures.

The reconciliations of the forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures in Table E include all information reasonably available to Intuit at the date of this press release. These tables include adjustments that we

can reasonably predict. Events that could cause the reconciliation to change include acquisitions and divestitures of businesses, goodwill and other asset impairments, and sales of available-for-sale debt securities and other investments.
