# Intuit Announces Record Third-Quarter Revenue; Raises Full-Year Revenue and Earnings Guidance

## Third-Quarter Revenue Totals \$1.15 Billion, up 21 Percent Over Prior Year

MOUNTAIN VIEW, Calif.--(BUSINESS WIRE)--

Intuit Inc. (Nasdaq:INTU) today announced its third-quarter 2007 revenue increased 21 percent over the year-ago quarter to \$1.15 billion. This marks the first time Intuit revenue has exceeded \$1 billion in a quarter.

Growth was driven by a strong tax season, excellent performance in QuickBooks and the acquisition of Digital Insight to create a Financial Institutions segment. Revenue for the first nine months of the fiscal year grew 14 percent.

"We had great results from all of our businesses this quarter," said Steve Bennett, Intuit's president and chief executive officer. "Our two biggest growth engines, Tax and Small Business, continue to perform very well and our newest growth engine, Financial Institutions, is also making a significant contribution. We're on track for another year of double-digit revenue and earnings growth."

### Third-Quarter 2007 Financial Highlights

Intuit posted GAAP (Generally Accepted Accounting Principles) net income of \$367 million in the quarter compared to \$299 million in the third quarter of 2006. This represents diluted net income per share of \$1.04 compared to diluted net income per share of \$0.84 in the year-ago quarter. Intuit posted non-GAAP net income of \$399 million, or \$1.13 per share versus \$318 million, or \$0.89 per share in the third quarter of 2006.

#### Third-Quarter 2007 Business Segment Results

- Consumer Tax revenue was \$567 million, up 14 percent over the year-ago quarter. Consumer Tax revenue is up 15 percent year-to-date.
- Professional Tax revenue was \$138 million, up 32 percent over the year-ago quarter. Professional Tax revenue is up 6 percent year-to-date.
- QuickBooks revenue was \$155 million, up 22 percent over the year-ago quarter. QuickBooks revenue is up 10 percent year-to-date.
- Payroll and Payments revenue was \$125 million, up 7 percent over the year-ago quarter. Excluding the impact of the

outsourced payroll customers transitioning to ADP, revenue growth would have been 13 percent in the third quarter. Payroll and Payments revenue is up 14 percent year-to-date.

- Financial Institutions revenue was \$65 million and includes the results of Digital Insight, which was acquired on Feb. 6.
- Other Businesses revenue of \$104 million was up 6 percent over the year-ago quarter.

#### Forward-looking Guidance

Intuit updated its revenue, GAAP diluted earnings per share, and non-GAAP diluted earnings per share guidance for fiscal 2007, which ends on July 31. The company now expects:

- Revenue - Former guidance: \$2.625 billion to \$2.675 billion, representing annual growth of 12 percent to 14 percent. New guidance: \$2.685 billion to \$2.7 billion, representing annual growth of approximately 15 percent.
- GAAP diluted earnings per share - Former guidance: \$1.10 to \$1.14. New guidance: \$1.15 to \$1.17.
- Non-GAAP diluted earnings per share - Former guidance: \$1.33 to \$1.37. New guidance: \$1.38 to \$1.40. The new guidance represents annual EPS growth of 14 percent to 16 percent.

The company's guidance for the fourth quarter of 2007 is unchanged. Additional details are available on Intuit's Web site at [http://web.intuit.com/about\\_intuit/investors/earnings/2007/](http://web.intuit.com/about_intuit/investors/earnings/2007/).

#### Company Announces New Stock Repurchase Program

Intuit also announced today a new stock repurchase program for up to \$800 million over the next three years. Intuit used all remaining funds in its last \$500 million repurchase program, authorized in May 2006, during its third-quarter 2007, which ended on April 30. Since authorizing its first stock repurchase program in May 2001, Intuit has spent approximately \$3.7 billion to repurchase approximately 159 million shares of its stock.

#### Webcast and Conference Call Information

A live audio webcast of Intuit's third-quarter 2007 conference call is available at [http://web.intuit.com/about\\_intuit/investors/webcast\\_events.html](http://web.intuit.com/about_intuit/investors/webcast_events.html). The call begins today at 1:30 p.m. PDT. The replay of the audio webcast will remain on Intuit's Web site for one week after the conference call. Intuit has also posted this press release, including the attached tables and non-GAAP to GAAP reconciliations on its Web site and will post the conference call script shortly after the conference call concludes. These documents may be found at [http://web.intuit.com/about\\_intuit/investors/earnings/2007/](http://web.intuit.com/about_intuit/investors/earnings/2007/).

The conference call number is 866-802-4328 in the United States or 703-639-1322 from international locations. No reservation or access code is needed. A replay of the call will be available for one week by calling 888-266-2081, or 703-925-2533 from international locations. The access code for this call is 1077233.

Intuit, the Intuit logo, and QuickBooks, among others, are registered trademarks and/or registered service marks of Intuit Inc. in the United States and other countries.

### About Non-GAAP Financial Measures

This press release and the accompanying tables include non-GAAP financial measures. For a description of these non-GAAP financial measures, including the reasons management uses each measure, and reconciliations of these non-GAAP financial measures to the most directly comparable financial measures prepared in accordance with Generally Accepted Accounting Principles, please see the section of the accompanying tables titled "About Non-GAAP Financial Measures" as well as the related Table B and Table E which follow it. A copy of the press release filed by Intuit on May 17, 2007 can be found on the investor relations page of Intuit's Web site.

### Cautions About Forward-Looking Statements

This press release contains forward-looking statements, including forecasts of Intuit's expected financial results; its prospects for the business in fiscal 2007 and beyond; expectations of double-digit revenue and earnings growth; and all of the statements under the heading "Forward-Looking Guidance."

Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause our actual results to differ materially from the expectations expressed in the forward-looking statements. These factors include, without limitation, the following: product introductions and price competition from our competitors can have unpredictable negative effects on our revenue, profitability and market position; governmental encroachment in our tax businesses or other governmental activities regulating the filing of tax returns could negatively affect our operating results and market position; we may not be able to successfully introduce new products and services to meet our growth and profitability objectives, and current and future products and services may not adequately address customer needs and may not achieve broad market acceptance, which could harm our operating results and financial condition; any failure to maintain reliable and responsive service levels for our offerings could cause us to lose customers and negatively impact our revenues and profitability; any significant product quality problems or delays in our products could harm our revenue, earnings and reputation; our participation in the Free File Alliance may result in lost revenue opportunities and cannibalization of our traditional paid franchise; any failure to properly use and protect personal customer information could harm our revenue, earnings and reputation; our acquisition activities may be disruptive to Intuit and may not result in expected benefits; our use of significant amounts of debt to finance acquisitions or other activities could harm our financial condition and results of operations; our revenue and earnings are highly seasonal and the timing of our revenue between quarters is difficult to predict, which may cause significant quarterly fluctuations in our financial results; predicting tax-related revenues is challenging due to the heavy concentration of activity in a short time period; we have implemented, and are continuing to upgrade, new information systems and any problems with these new systems could interfere with our ability to ship and deliver products and gather information to effectively manage our business; our financial position may not make repurchasing shares advisable or we may issue additional shares in an acquisition causing our number of outstanding shares to grow; and litigation involving intellectual property, antitrust, shareholder and other matters may increase our costs. More details about these and other risks that may impact our business

are included in our Form 10-K for fiscal 2006 and in our other SEC filings. You can locate these reports through our website at [http://www.intuit.com/about\\_intuit/investors](http://www.intuit.com/about_intuit/investors). Forward-looking statements are based on information as of May 17, 2007, and we do not undertake any duty to update any forward-looking statement or other information in these remarks.

See accompanying Notes.

INTUIT INC.  
NOTES TO TABLE A

(A) Our effective tax rate for the three and nine months ended April 30, 2007 was approximately 36% and differed from the federal statutory rate of 35% primarily due to state income taxes, which were partially offset by the benefit we received from federal and state research and experimental credits and tax exempt interest income. In addition, we benefited from the retroactive extension

of the federal research and experimental credit in the nine months ended April 30, 2007. Our effective tax rates for the three and nine months ended April 30, 2006 were approximately 39% and 38% and differed from the federal statutory rate of 35% primarily due to state income taxes, which were partially offset by the benefit we received from federal and state research and experimental credits and tax exempt interest income.

- (B) In December 2005 we sold our Intuit Information Technology Solutions (ITS) business for approximately \$200 million in cash. In accordance with the provisions of Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-lived Assets," we accounted for the sale of ITS as discontinued operations. Consequently, we have segregated the operating results and cash flows of ITS from continuing operations in our financial statements for all periods prior to the sale. Revenue for ITS was \$20.2 million and income before income taxes was \$9.1 million for the nine months ended April 30, 2006. We recorded a net gain on the disposal of ITS of \$34.3 million in the nine months ended April 30, 2006. We recorded a net loss of \$1.1 million for certain contingent liabilities that became payable to the purchaser of ITS during the three months ended April 30, 2007.
- (C) Our Board of Directors authorized a two-for-one stock split which was effected in the form of a 100% stock dividend on July 6, 2006. All share and per share figures in these tables retroactively reflect this stock split.

INTUIT INC.  
ABOUT NON-GAAP FINANCIAL MEASURES

The accompanying press release dated May 17, 2007 contains non-GAAP financial measures. Tables B and E reconcile the non-GAAP financial measures in that press release to the most directly comparable financial measures prepared in accordance with Generally Accepted Accounting Principles (GAAP). These non-GAAP financial measures include non-GAAP operating income (loss) and related operating margin as a percentage of revenue, non-GAAP net income (loss) and non-GAAP net income (loss) per share.

Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. These non-GAAP financial measures do not reflect a comprehensive system of accounting, differ from GAAP measures with the same names and may differ from non-GAAP financial measures with the same or similar names that are used by other companies.

We believe that these non-GAAP financial measures provide meaningful supplemental information regarding Intuit's operating results primarily because they exclude amounts that we do not consider part of ongoing operating results when assessing the performance of the organization, our operating segments or our senior management. Segment managers are not held accountable for share-based compensation expenses, acquisition-related costs, or the other excluded items that may impact their business units' operating income (loss) and, accordingly, we exclude these amounts from our measures of segment performance. We also exclude these amounts from our budget and planning process. We believe that our non-GAAP financial measures also facilitate the comparison of results for current periods and guidance for future periods with results for past periods. We exclude the following items from

## our non-GAAP financial measures:

- Share-based compensation expenses. Our non-GAAP financial measures exclude share-based compensation expenses, which consist of expenses for stock options, restricted stock, restricted stock units and purchases of common stock under our Employee Stock Purchase Plan. Segment managers are not held accountable for share-based compensation expenses impacting their business units' operating income (loss) and, accordingly, we exclude share-based compensation expenses from our measures of segment performance. While share-based compensation is a significant expense affecting our results of operations, management excludes share-based compensation from our budget and planning process. We exclude share-based compensation expenses from our non-GAAP financial measures for these reasons and the other reasons stated above. We compute weighted average dilutive shares using the method required by SFAS 123R for both GAAP and non-GAAP diluted net income per share.
- Amortization of purchased intangible assets and acquisition-related charges. In accordance with GAAP, amortization of purchased intangible assets in cost of revenue includes amortization of software and other technology assets related to acquisitions and acquisition-related charges in operating expenses includes amortization of other purchased intangible assets such as customer lists, covenants not to compete and trade names. Acquisition activities are managed on a corporate-wide basis and segment managers are not held accountable for the acquisition-related costs impacting their business units' operating income (loss). We exclude these amounts from our measures of segment performance and from our budget and planning process. We exclude these items from our non-GAAP financial measures for these reasons, the other reasons stated above and because we believe that excluding these items facilitates comparisons to the results of other companies in our industry, which have their own unique acquisition histories.
- Gains and losses on disposals of businesses and assets. We exclude these amounts from our non-GAAP financial measures for the reasons stated above and because they are unrelated to our ongoing business operating results.
- Gains and losses on marketable equity securities and other investments. We exclude these amounts from our non-GAAP financial measures for the reasons stated above and because they are unrelated to our ongoing business operating results.
- Income tax effects of excluded items. Our non-GAAP financial measures exclude the income tax effects of the adjustments described above that relate to the current period as well as adjustments for similar items that relate to prior periods. We exclude the impact of these tax items for the reasons stated above and because management believes that they are not indicative of our ongoing business operations.
- Operating results and gains and losses on the sale of discontinued operations. From time to time, we sell or otherwise dispose of selected operations as we adjust our portfolio of businesses to meet our strategic goals. In accordance with GAAP, we segregate the operating results of

discontinued operations as well as gains and losses on the sale of these discontinued operations from continuing operations on our GAAP statements of operations but continue to include them in GAAP net income or loss and net income or loss per share. We exclude these amounts from our non-GAAP financial measures for the reasons stated above and because they are unrelated to our ongoing business operations.

**The following describes each non-GAAP financial measure, the items excluded from the most directly comparable GAAP measure in arriving at each non-GAAP financial measure, and the reasons management uses each measure and excludes the specified amounts in arriving at each non-GAAP financial measure.**

- (A) Operating income (loss) and related operating margin as a percentage of revenue. We exclude share-based compensation expenses, amortization of purchased intangible assets and acquisition-related charges from our GAAP operating income (loss) from continuing operations and related operating margin in arriving at our non-GAAP operating income (loss) and related operating margin primarily because we do not consider them part of ongoing operating results when assessing the performance of the organization, our operating segments and senior management or when undertaking our budget and planning process. We believe that the exclusion of these expenses from our non-GAAP financial measures also facilitates the comparison of results for current periods and guidance for future periods with results for prior periods. In addition, we exclude amortization of purchased intangible assets and acquisition-related charges from non-GAAP operating income (loss) and operating margin because we believe that excluding these items facilitates comparisons to the results of other companies in our industry, which have their own unique acquisition histories.
- (B) Net income (loss) and net income (loss) per share (or earnings per share). We exclude share-based compensation expenses, amortization of purchased intangible assets, acquisition-related charges, net gains on marketable equity securities and other investments, gains and losses on disposals of businesses, certain tax items as described above, and amounts related to discontinued operations from our GAAP net income (loss) and net income (loss) per share in arriving at our non-GAAP net income (loss) and net income (loss) per share. We exclude all of these items from our non-GAAP net income (loss) and net income (loss) per share primarily because we do not consider them part of ongoing operating results when assessing the performance of the organization, our operating segments and senior management or when undertaking our budget and planning process. We believe that the exclusion of these items from our non-GAAP financial measures also facilitates the comparison of results for current periods and guidance for future periods with results for prior periods.

In addition, we exclude amortization of purchased intangible assets and acquisition-related charges from our non-GAAP net income (loss) and net income (loss) per share because we believe that excluding these items facilitates comparisons to the results of other companies in our industry, which have their own unique acquisition histories. We exclude gains on marketable equity securities and other investments, net from our non-GAAP net income (loss) and net income (loss) per share because they are unrelated to our ongoing business operating results. Our non-GAAP financial measures exclude the income tax effects of the adjustments

described above that relate to the current period as well as adjustments for similar items that relate to prior periods. We exclude the impact of these tax items because management believes that they are not indicative of our ongoing business operations. The effective tax rates used to calculate non-GAAP net income (loss) and net income (loss) per share were as follows: 35% for the first and second quarters of fiscal 2006; 38% for the third quarter of fiscal 2006; 37% for the first nine months of fiscal 2006; 37% for the fourth quarter of fiscal 2006 and full fiscal 2006; 37% for the first quarter of fiscal 2007; 36% for the second and third quarters of fiscal 2007, the first nine months of fiscal 2007, and for fiscal 2007 guidance. Finally, we exclude amounts related to discontinued operations from our non-GAAP net income (loss) and net income (loss) per share because they are unrelated to our ongoing business operations.

We refer to these non-GAAP financial measures in assessing the performance of Intuit's ongoing operations and for planning and forecasting in future periods. These non-GAAP financial measures also facilitate our internal comparisons to Intuit's historical operating results. We have historically reported similar non-GAAP financial measures and believe that the inclusion of comparative numbers provides consistency in our financial reporting. We compute non-GAAP financial measures using the same consistent method from quarter to quarter and year to year.

The reconciliations of the forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures in Table E include all information reasonably available to Intuit at the date of this press release. These tables include adjustments that we can reasonably predict. Events that could cause the reconciliation to change include acquisitions and divestitures of businesses, goodwill and other asset impairments and sales of marketable equity securities and other investments.

INTUIT INC.

RECONCILIATION OF FORWARD-LOOKING GUIDANCE FOR NON-GAAP FINANCIAL MEASURES TO PROJECTED GAAP REVENUE, OPERATING INCOME (LOSS), AND EPS  
(In thousands, except per share amounts)  
(Unaudited)

Forward-Looking Guidance	
GAAP Range of Estimate	Non-GAAP Range of Estimate

	From	To	Adjust- ments	From	To
	-----	-----	-----	-----	-----
Three Months Ending July 31, 2007					
Revenue	\$ 405,000	\$ 418,000	\$ -	\$ 405,000	\$ 418,000
Diluted loss per share	\$ (0.12)	\$ (0.10)	\$ 0.05 (a)	\$ (0.07)	\$ (0.05)
Twelve Months Ending July 31, 2007					
Revenue	\$2,685,000	\$2,700,000	\$ -	\$2,685,000	\$2,700,000
Operating income	\$ 600,000	\$ 611,000	\$140,000 (b)	\$ 740,000	\$ 751,000
Operating margin	22%	23%	5% (b)	27%	28%
Diluted earnings per share	\$ 1.15	\$ 1.17	\$ 0.23 (c)	\$ 1.38	\$ 1.40
Shares	355,000	357,000		355,000	357,000

See "About Non-GAAP Financial Measures" immediately preceding Table B for more information on these measures, the items excluded from the most directly comparable GAAP measures in arriving at non-GAAP financial measures, and the reasons management uses each measure and excludes the specified amounts in arriving at each non-GAAP financial measure.

- (a) Reflects estimated adjustments for share-based compensation expense of approximately \$22 million; amortization of purchased intangible assets of approximately \$14 million; and acquisition-related charges of approximately \$10 million; an adjustment for an expected pre-tax gain on the sale of certain assets related to our Complete Payroll and Premier Payroll Service businesses of approximately \$14 million; and income taxes related to these adjustments.
- (b) Reflects estimated adjustments for share-based compensation expense of approximately \$80 million; amortization of purchased intangible assets of approximately \$34 million; and acquisition-related charges of approximately \$26 million.
- (c) Reflects the estimated adjustments in item (b); an adjustment for net gains on marketable equity securities and other investments of approximately \$2 million; an adjustment for an expected pre-tax gain on the sale of certain assets related to our Complete Payroll and Premier Payroll Service businesses of approximately \$14 million; an adjustment for net loss from discontinued operations of \$1 million; and income taxes related to these adjustments.
