First Online Payroll Solution to be Offered in Google Apps Marketplace

Small business owners now have a new way to easily and efficiently [manage payroll](#) and other key business tasks within one integrated online office environment.

[Intuit Inc.](#) (Nasdaq: INTU) now offers its popular [Intuit Online Payroll for Google Apps](#). This best-in-class online payroll offering is available to small business owners on the Google Apps Marketplace<sup>(TM)</sup>, Google's recently launched online storefront for Google Apps<sup>(TM)</sup> products and services. [Intuit Online Payroll](#) will also soon be available on Intuit's own [Intuit App Center](#) with Web applications designed for small businesses.

"With our acquisition of PayCycle and more than 1 million payroll customers, we continue to lead the way in giving small businesses the tools they want most to effectively manage their payroll online," said Garret Seevers, group marketing manager for [Intuit Online Payroll](#). "We want to ensure small businesses have access to the best tools, while still having the flexibility to choose the platform that best meets their needs. So in addition to our own Intuit App Center, business owners will be able to use Intuit Online Payroll within the power of Google Apps."

Formerly PayCycle, [Intuit Online Payroll for Google Apps](#), gives employers the ability to manage payroll with the online convenience of Google Apps. From within [Google Apps](#), employers and employees can use Intuit Online Payroll to create paychecks in minutes or check their paystubs. Payroll is conveniently available to employers when and where they need it. And best of all, they can continue to work on other office tasks such as e-mail or word processing without needing to log into another site or launch another program. For example, a small business owner can check Intuit Online Payroll to see when they need to run payroll or pay their payroll taxes, while employees can easily view their paycheck from Google Calendar<sup>(TM)</sup>.

"We're pleased to have Intuit Online Payroll as our first payroll offering for the Google Apps Marketplace," said Scott McMullan, Google Apps Partner Lead for Google Apps. "With Intuit Online Payroll for Google Apps, we're now giving our small business customers a best-in-class payroll tool to better integrate the employee related aspects of running their business within one seamless cloud application experience."

The Google Apps Marketplace makes it easy for more than 2 million Google Apps customers to discover, purchase and deploy integrated business applications and related professional services. By integrating with user account and application data stored in Google Apps, these cloud applications provide a simpler user experience, increase business efficiency, and reduce administrative overhead.
