ITEM 5. OTHER EVENTS.

SALE OF QUICKEN BILL MANAGER

On May 15, 2001 Intuit Inc. ("Intuit" or the "Company") sold software and other technology assets of its Quicken Bill Manager online bill payment and presentment business to Princeton eCom Corporation ("Princeton eCom") of Princeton, New Jersey. The sale was accomplished through Intuit's direct sale to Princeton eCom of certain assets owned by Intuit and the sale to Princeton eCom of all the outstanding shares of Venture Finance Software Corp., a wholly owned subsidiary of Intuit that developed many Quicken Bill Manager technologies. In exchange for these assets, Intuit is entitled to receive, at Princeton eCom's election to be made by February 2002, either shares of Princeton eCom common stock or cash payments, as follows. If Princeton eCom elects to pay with shares of its stock, then in February 2002 Intuit will be entitled to receive shares of Princeton eCom common stock equal to approximately 20% of Princeton eCom's fully diluted shares measured at a date with approximately a month after the closing of the transaction. If Princeton eCom instead elects to pay in cash, then Intuit will be entitled to receive cash payments in four annual installments, beginning in February 2002, with each cash installment to equal 25% of the value of the Princeton eCom shares that Intuit would have received if Princeton had elected to pay with shares of its stock. Subject to Intuit's consent, in certain circumstances the purchase price payable by Princeton eCom may be prepaid. Because Princeton eCom is privately held, the method of payment need not be elected by Princeton eCom until shortly prior to February 2002 and because election by Princeton eCom of the cash payment alternative will result in payments whose value may fluctuate over a period of up to four years, Intuit cannot currently calculate a precise dollar value for this component of the transaction.

In connection with this transaction Intuit and Princeton eCom also entered into several commercial agreements related to the bill payment and presentment business. Pursuant to these agreements, among other things:

 Intuit will offer Web-based Quicken Bill Manager-branded services processed by Princeton eCom and will share in revenue derived from the services.

- o Intuit will also receive certain payments if Princeton eCom licenses the Web-based user interface technology to third parties.
- Intuit will utilize Princeton eCom as a provider of bill payment and presentment services available through Intuit's Quicken desktop personal finance management software.
- o Princeton eCom was granted a license to use the "Powered by Quicken Bill Manager" mark on third party sites.

SHARE REPURCHASE PROGRAM

On May 22, 2001, the Company issued a press release announcing that its board of directors has authorized a three-year stock repurchase program for up to \$500 million. The purpose of the program is to reduce the dilution impact of the Company's employee stock programs.

2

ANNOUNCEMENT OF THIRD QUARTER RESULTS

On May 22, 2001, Intuit announced its financial results for the fiscal quarter ended April 30, 2001. Intuit reported revenue of \$425.2 million for the third quarter of fiscal 2001, an increase of 29 percent over the \$329.1 million for the year-ago quarter. Revenue growth resulted from both increased prices and higher volumes. Intuit reported a net loss for the quarter of \$14.3 million, or \$0.07 per share compared to net income of \$297.1 million, or \$1.39 per share for the third quarter in the prior year. Year-over-year comparisons were impacted due to two large, unrelated events in the third quarters of both fiscal 2000 and 2001. Last year's third-quarter results benefited from a \$422.2 million pre-tax gain on the sale of certain marketable securities, which did not occur this year. This year's third quarter was impacted by a charge of approximately \$77 million (which is included within acquisition-related costs) related to the accelerated write-off of goodwill related to acquisitions made in prior periods. Intuit's policy is to regularly review goodwill and other longer-term assets to evaluate their current value.
